

**Working with the templates:**

This diagram shows the different areas which can be printed on the footstool.

Each area has it's own corresponding InDesign template.

If all 4 sides of the cube use the same artwork, just supply one PDF for the side.

Supply one PDF for the lid lip. The lip template should just use one continous flat colour to match your design. The lip template will stretch around all four sides of the lid.

Supply one PDF for the lid top.

Supply all PDF's in one zip file.

Templates are 100% scale.
